

Colors of the Rainbow

[Verse 1]

The colors of the rainbow
Say them now with me
Yellow, orange, violet, indigo, blue, and red, and green
After a summer thunderstorm
Look out your windowpane
Those colors bend across the sky when the sunshine
meets the rain

[Chorus]

Without all of our colors
If they all went away
We'd wake up every morning
To black and white and gray

[Verse 2]

The colors of the rainbow
Say them now with me
Yellow, orange, violet, indigo, blue, and red, and green
Leprechauns and fairies know the story that's been told
And at the end of every rainbow you may find a pot of
gold

Watch & Sing Along →

[Chorus]

Without all of our colors
If they all went away
We'd wake up every morning
To black and white and gray

[Verse 1 Repeat]

The colors of the rainbow
Say them now with me
Yellow, orange, violet, indigo, blue, and red, and green
After a summer thunderstorm
Look out your windowpane
These colors bend across the sky when the sunshine
meets the rain
When the sunshine meets the rain
