

Unicorns and Dragons

[Verse 1]

Oh how I want to be a unicorn and fly up in the sky
Oh how I want to be a unicorn, the clouds I'll pass right by
My mane will sparkle, my horn will shine
I'll soar and leave a rainbow behind
Oh how I want to be a unicorn
My magic sprinkles will make your dreams come true

[Verse 2]

Oh how I want to be a dragon, breathe fire, fly and dive
Oh how I want to be a dragon, eat tacos to survive
My claws are sharp, my scales will shine
I'll dodge the arrows, move side to side
Oh how I want to be a dragon
Fierce and faithful, I'll stand right by your side

[Chorus]

Unicorns and dragons, they're great to have around
Not all friends believe us, if you look they can be found
We'll believe in magic, it makes our lives more fun
Unicorns and dragons, play all day and relax out in the sun
