

Good Morning

[Verse 1]

Well good morning to you
And how do you do
I'm so glad to be with you
We'll work and we'll play
And we'll have a great day
We'll make friends along the way

[Chorus]

Good morning, good morning, our day has just begun
Good morning, good morning, let's make it a good one
Let's have some fun

[Verse 2]

Well good morning to you
There's so much to do
Unpack your things, sit down for a few
Some pits and some peaks
To start the day
Raise your hand, what will you say?

[Bridge]

Every day together, we learn new things
No matter the weather, the school bell always rings
Even on the hard days, we help each other out
We're growing, we're changing, that's what life's about

[Verse 3]

So good morning to you
And how do you do
I'm so glad to be with you
