

Magic E

[Chorus]

Did you see, did you see
Magic E, Magic E
I can see him but I can't hear him
Magic E, Magic E
He's at the end of some words we see
Magic E, Magic E

[Verse 1]

Magic E's at the end of a word
He makes the short vowel long, that's absurd
Magic E silently speaks
He tries to make the long vowel speak

[Chorus]

Did you see, did you see
Magic E, Magic E
I can see him, but I can't hear him
Magic E, Magic E
He's at the end of some words we see
Magic E, Magic E

[Verse 2]

If you see an E hanging around
Look for the vowel, sure to be found
They change the vowel from short to long
With Magic E's help, you can't go wrong

[Chorus]

Did you see, did you see
Magic E, Magic E
I can see him, I can't hear him
Magic E, Magic E
He's at the end of some words we see
Magic E, Magic E
