

100th Day of School

[Verse 1]

Each school day we count by ones
Up to ten then trade them in for fun
Next we count by tens, ten times more
And when we reach 100 hear us roar

[Chorus]

100 days of school, 100 days of fun
We've worked, we've played
Made friends with everyone
100 days of school, 100 days of fun
Let's celebrate one hundred days of school
Well done

[Verse 2]

We cannot believe 100 days have passed
We're getting really smart and we're learning really fast
We're growing our brains and growing our hearts
Look how far we've come, what a start

Watch & Sing Along →

[Chorus]

100 days of school, 100 days of fun
We've worked, we've played
Made friends with everyone
100 days of school, 100 days of fun
Let's celebrate one hundred days of school
Well done

[Bridge]

Learning to read, learning to write
Math every day, we're doing it right
Crafts and games and playtime too
Singing and dancing with our classroom crew

[Chorus]

100 days of school, 100 days of fun
We've worked, we've played
Made friends with everyone
100 days of school, 100 days of fun
Let's celebrate one hundred days of school
Well done

[Outro]

Clap it out one-zero-zero
stamp your feet nice and slow
One hundred days, hip hip hooray
Happy 100th day
